

Resumé of David Vignoni

Work Experience

Visual Designer at Meebo, Inc.

Proactively develop Meebo's visual layout and style. Collaborate with team members to make design decisions. Create web designs, graphics, and templates compatible with D/HTML.

June 2006 - present

Freelance Icon Designer at Icon-King.com

Designing custom icons, logos and web designs for a number of clients, including: Trolltech, Fluendo and Università di Bologna.

March 2005 - September 2007

Consultant Graphic Designer for Suse Linux Gmbh

Provided graphics and icons for Suse community project Open Suse and was sponsored to work on Oxygen icon theme for KDE (see below).

May 2005 - December 2005

Open Source Experience

Oxygen Project

Designed and art-directed the Oxygen icon theme. Oxygen is currently the visual interface of KDE 4 desktop environment for Linux and other free OSes.

April 2005 - present

Nuvola Icon Theme

Designed a set of about 600 icons for KDE 3. Many icons have then been included in the official KDE 3.x distribution, including the KDE logo icon. Nuvola icons are used in many websites and projects and are often used on Wikipedia sites.

April 2002 - October 2004

KDE artists

As contributor to the KDE project I designed the last two versions of the KDE logo as well as design help in many sub-projects.

2004 - present

Education

Bachelor of **Computer Science**
Università degli Studi di Bologna

Graduation in October 2005
